

THE NEW GENERATION

# HILUX

RAIDER

**3** YEARS  
WARRANTY  
100,000 kms

# TOUGHER BY LEGACY. SMARTER BY DESIGN.

## POWER, EFFICIENCY & REFINEMENT

The Hilux name stands for strength, reliability and proven performance in the places that demand the most. Trusted by professionals, adventurers and everyday drivers alike, it has earned its reputation by turning hard work, long distances and difficult terrain into part of the job. Now that legacy moves forward. The new Hilux combines bold design, improved comfort, intuitive technology and unstoppable capability in a pick-up that is tougher in purpose and more refined where it matters.

**Welcome to the next generation of Hilux**

# STRENGTH YOU CAN SEE

## TOUGH AND AGILE, FROM EVERY ANGLE.

The new Hilux turns strength into a clear design language. Its higher, more horizontal stance feels grounded and ready, while assertive fenders, a bold grille and a strong central body create a powerful sense of balance. The wide, planted base communicates stability before the wheels even begin to move. Modern lighting, muscular surfacing and purposeful details bring a fresh edge to the unmistakable Hilux silhouette. Practical deck access, durable finishes and LED lighting ensure that every line works as hard as it looks.

### PRACTICAL BY DESIGN

Deck and step details support easier access and everyday usability.

### MODERN VISIBILITY

Bright, energy-efficient LED lights that improve visibility, safety, and give a modern look.

### POWERFUL STANCE

Bold fenders, a strong core and a wide, planted base.

## **TOUGH OUTSIDE. REFINED WITHIN.**

### **AN EASY-COMMAND COCKPIT BUILT AROUND THE DRIVER.**

Inside, Hilux brings toughness and intuitive control together. The horizontal instrument panel creates a stable, open feel, while the lower dashboard improves forward visibility. Information, climate, 4WD and drive controls are grouped into clear functional zones, helping the driver stay focused when conditions become demanding. Durable materials are matched by supportive seating, a confident centre console and practical storage for work and everyday life. Higher grades add softer finishes, advanced displays and added comfort, while core grades remain purpose-built for long-term durability.

# CONTROL WITHOUT THE CLUTTER

## USEFUL TECHNOLOGY, EXACTLY WHERE YOU NEED IT.

Hilux technology is designed to make every journey easier, not more complicated. Standard grades feature an 8-inch display audio system, while Raider elevates the experience with a 12.3-inch premium display and nine speakers. A Multi- information display, steering-wheel controls and clearly grouped drive functions keep essential information within easy reach. Selected grades add Smart Entry, Push Start, wireless phone charging and Electric Power Steering for lighter low-speed response and reduced effort over long distances. On equipped automatic 4x4 models, Multi- Terrain Select and Downhill Assist Control add confidence when the road gives way to dirt, sand, mud or rock.

**DISPLAY AUDIO**  
8-inch connectivity on core grades; up to 12.3 inches on selected high grades.

**ELECTRIC POWER STEERING**  
Lighter at low speed, stable on the open road and easier over long distances.

**TERRAIN CONTROL**  
MTS and DAC support controlled progress on equipped automatic 4x4 models.

BUILT FOR LONG,  
HARD DAYS

# CONFIDENCE FROM EVERY ANGLE

**PROTECTION FOR THE ROAD, THE LOAD  
AND THE PEOPLE ON BOARD.**

Hilux combines a strong body structure with active systems that help the driver stay in control. Core grades include ABS, Brake Assist, Electronic Brake-force Distribution, Vehicle Stability Control and essential SRS airbag protection. Three-point seatbelts and seatbelt warnings add reassurance for everyday travel. Higher grades extend that confidence with side and curtain airbags, Tyre Pressure Monitoring, clearance sonar, a back monitor and cruise control. On selected models, Downhill Assist Control and Multi Terrain Select support controlled off-road progress while Raider adds a panoramic View Monitor and Electronic Parking Brake.

\* Safety and driver-assistance equipment varies by grade and market.  
These systems assist the driver and do not replace safe driving judgement.

## ONE HILUX. EVERY KIND OF DAY.

From dependable workhorse to refined adventure partner, the Hilux range lets customers choose the body style, drivetrain and equipment level that fit the way they work and live. Every grade is built around the same commitment to quality, durability and reliability; the difference is how much comfort, technology and style each customer wants to add.

- Overal Length 5320 mm
- Towing capacity 3500 kg (without brakes)

## SAFETY

- Curtain airbags (SRS) - Rear
- Side and Curtain airbags (SRS) - Front
- Tire Pressure Monitoring System
- DAC - Downhill Assist Control
- MTS - Multi-Terrain Select (AT Model)
- Auto LSD - Auto Limited Slip Differential
- Panoramic View Monitor
- Electronic Parking Brake

## COMPLETE PEACE OF MIND WITH TOYOTA

ToyotaCare

### Safety and peace of mind

Toyota Genuine Parts and ToyotaCare provide comprehensive coverage.

### Expertise

Maintenance performed by our certified technicians ensure optimal performances of your Toyota

### Enhancing resale potential

Safeguarding the future value of your vehicle through ToyotaCare maintenance.

### TOYOTA QUALITY SERVICE

Your Toyota dealership will advise you on your vehicle's service requirements. It will need a health and safety check at least once a year. An intermediate check is necessary every year or 5,000km.

### TOYOTA LOW MAINTENANCE COSTS

All Toyota vehicles are designed and engineered to minimize your maintenance costs. This includes fewer parts that require servicing and, equally important, is that Toyota vehicle technology is made accessible so that maintenance labor time is reduced and pricing is competitive.

### TOYOTA GENUINE PARTS

Providing the reassurance of Toyota quality, only genuine and approved components are used on your vehicle. If the vehicle is damaged, its design helps minimize the cost of repair because the most expensive-to-replace parts are deliberately located away from common damage zones. The result is less expense for parts and labor.

### TOYOTA ACCESSORIES

Toyota genuine accessories are designed and manufactured with the same care, quality and attention to detail as Toyota vehicles. Adding a touch of style, comfort, convenience and practicality, they are tested for exceptional durability to enhance the enjoyment of your new vehicle. All accessories are covered by a 1-year warranty.

### TOYOTA COMPREHENSIVE WARRANTY

Every new Toyota comes with a 3 years or 100,000km vehicle warranty, which covers any defect caused by a manufacturing fault. Transport to the nearest authorized Toyota repairer will also be covered\*. In addition, a 3 years or 100,000km paint warranty protects against defects and surface rust caused by a manufacturing fault (except load bins which are covered for 1 year.) Every Toyota commercial vehicle is covered by a 3 years unlimited mileage corrosion-perforation warranty\* against corrosion of body panels caused by a manufacturing fault in materials or workmanship.

### TOYOTA ADDED SECURITY

Toyota's comprehensive security system withstands the insurance industry's rigorous five-minute attack test. The alarm system and immobilizer are approved by major insurance companies.

*\*Check with your dealership for specific warranty details.*
